October 15, 2022

Dear Fellow Parishioner,

The 2022 St. Paul's Annual Commitment Campaign Committee would like to ask you for your prayerful consideration in joining us in *Answering the Call to Serve*. This theme was selected in the hope that each of our 310 church families would not only contribute to St. Paul's financially, but would also share their time, talents, and spiritual support of others.

Our pledge goal for the 2023 operating budget is \$750,000 which represents approximately 78 percent of the total revenue received from all sources. In order for the vestry to approve the 2023 operating budget expenditures, it is critical that a projection of the anticipated revenue be determined. Therefore, we ask that pledge cards be returned by Homecoming Sunday on October 23.

In recognition of your financial investment, the vestry will give careful consideration before approving any and all expenditures. We are all aware that employee salaries and benefits as well as building needs comprise much of the cost for operating St. Paul's. We should not forget, however, that we fund many other needs. For instance, our operating budget is also used to support programs for our youth, choir assistance, and outreach ministries. If you have any questions about your pledge or the operating budget, please contact the church office.

When considering your pledge to St. Paul's, please keep in mind that your pledge is an estimate of giving to the church in good faith. It is a statement of intent, not a contract. We know, however, that you will make every reasonable effort to support our church and its mission by honoring your pledge.

Wouldn't it be a worthy goal for each of us to do something each day for someone else and expect nothing but our pride in return? By *Answering the Call to Serve*, all of us at St. Paul's have the opportunity to do just that.

Sincerely,

Bill Myers, Chairman

John Carraway

Leigh Cellucci

Jim Clement

Aurelia Monk

Vivian Mott

Sam Uzzell
